LIQUIDATOR'S ACTIONS SINCE APPOINTMENT

Since my appointment as Liquidator I have sought to realise the assets of the Company and investigated what further assets may be realised for the benefit of the Company's creditors. Details of my asset related work and my investigations into the affairs of the Company can be found later in this report.

Additionally, there is certain work that I am required by the insolvency legislation to undertake in connection with the liquidation that provides no financial benefit for the creditors. A description of the routine work undertaken since my appointment as Liquidator is contained in Appendix 1.

RECEIPTS AND PAYMENTS ACCOUNT

My Receipts & Payments Account for the period from 15th May 2018 to 8th May 2019 is attached.

ASSET REALISATIONS

Investments in Subsidiaries

The Company owned 1% of the shares in Helenus Limited which in turn owned 100% of the shares in Nestor Primecare Services Limited. The latter was subject to a Company Voluntary Arrangement ("CVA"), which was approved by creditors on 17th May 2018. The proposal was for distributions to be made to creditors over five years totalling £5.9m. It was anticipated that should Nestor Primecare Services Limited pay all contributions as proposed, the shares in Helenus Limited would have some realisable value. However, the CVA of Nestor Primecare Services Limited was terminated on 30th November 2018 and the Company was placed into Administration on this date. It was therefore considered that these shares had no realisable value and no funds have been realised in this regard. Additionally, the Company also owned shares in 16 other companies. All other subsidiaries have either ceased trading or their shares have been considered to have no realisable value.

Intercompany Receivables

As stated previously, the Company had receivables from five group companies as follows:

Name	Amount (£)
Nestor Healthcare Personnel Services Limited	1,367,914
Nestor Medical Personnel Limited	1,216,157
Goldsborough Homecare and Nursing Services Limited	95,932
HCMS Limited	94,363
Nestor Primecare Services Limited	50,722
Total	2,825,088

Apart from Nestor Primecare Services Limited, these companies have all been found to be dormant. Their net assets (if any) consisted of intercompany receivables from other group companies. As previously reported, Nestor Primecare Services Limited was placed into Administration on 30th November 2018. However, as an associate within the meaning of the insolvency legislation the Company is not entitled to a dividend from the Administration. Accordingly, there was not expected to be any recoveries in respect of the debt owed by Nestor Primecare Services Limited.

The recovery of sums from the other group companies was entirely dependent on the repayment of intercompany receivables to the debtor companies. I liaised with the Group's CFO requesting an offer in settlement of all intercompany debts, which may have been able to be financed by other group companies. An offer for £8,000 was received in this regard in November 2018. This offer was not deemed to be acceptable and a counter offer of £20,000 was proposed. However, I have recently been advised that the original offer was being withdrawn as the "Allied" group, to which the shares and balances relate, had been "disintegrated" and there were no funds available to make any offer. In view of this, no funds have been received in this regard.

LIABILITIES

Secured Creditors

An examination of the Company's mortgage register held by the Registrar of Companies, showed that the Company has no current charges over its assets.

The legislation requires that if the Company has created a floating charge after 15th September 2003, a prescribed part of the Company's net property (i.e. the money that would otherwise be available to the charge holder) should be ring-fenced for distribution to unsecured creditors. In this case there were no creditors secured by a floating charge such that the prescribed part provisions do not apply.

Preferential Creditors

The statement of affairs anticipated no preferential creditors and no claims have been received in this regard.

Crown Creditors

The statement of affairs included no monies owed to HMRC and no claim has been received.

Non-Preferential Unsecured Creditors

The statement of affairs included 11 non-preferential unsecured creditors with an estimated total liability of £39,493,482.00. These liabilities include monies owed to dormant associated companies and pension liabilities in relation to the Nestor Healthcare Group Retirement Benefits Scheme and the Healthcall Group Limited Pension Scheme. I have received claims from two creditors at a total of £26,800,465.68. This includes a claim of £26,800,000 from the Pension Protection Fund. I have not received claims from 10 creditors with original estimated claims in the statement of affairs of £2,393,482.

DIVIDENDS

A dividend will not be declared to non-preferential unsecured creditors as no funds have been realised.

INVESTIGATION INTO THE AFFAIRS OF THE COMPANY

I undertook an initial investigation into the Company's affairs to establish whether there were any potential asset recoveries or conduct matters that justified further investigation, taking account of the public interest, potential recoveries, the funds likely to be available to fund an investigation, and the costs involved. Specifically, I obtained and reviewed copy bank statements from 1st October 2015 to 23rd August 2016 (when the bank account was closed) from the Company's bankers; and compared the information in the Company's last set of accounts with that contained in the statement of affairs lodged in the liquidation and made enquiries about the reasons for the changes

Apart from the matters relating to the intercompany debts and investments of the Company (detailed previously), there were no matters that justified further investigation in the circumstances of this appointment.

Within three months of my appointment as Liquidator, I am required to submit a confidential report to the Secretary of State to include any matters which have come to my attention during the course of my work which may indicate that the conduct of any past or present Director would make them unfit to be concerned with the management of the Company. I would confirm that my report has been submitted.

PRE-APPOINTMENT REMUNERATION

The Board previously authorised the payment of a fee of £5,000 plus VAT for my assistance with preparing the statement of affairs and arranging the deemed consent procedure for creditors to appoint a liquidator. The fee for preparing the statement of affairs and arranging the deemed consent procedure for creditors to appoint a liquidator is as yet unpaid as insufficient realisations have been made to date.

LIQUIDATOR'S REMUNERATION

I have not sought approval from creditors for my remuneration. Accordingly, no remuneration has been drawn.

Further information about creditors' rights can be obtained by visiting the creditors' information micro-site published by the Association of Business Recovery Professionals (R3) at <http://www.creditorinsolvencyguide.co.uk/>. A copy of 'A Creditors Guide to Liquidators' Fees' also published by R3, together with an explanatory note which shows Turpin Barker Armstrong's fee policy are available at the link <http://www.turpinbainsolvency.co.uk/fees-and-links>. Please note that there are different versions of the Guidance Notes and in this case you should refer to the April 2017 version.

LIQUIDATOR'S EXPENSES

I have incurred total expenses in the Liquidation of £1,199.40. I have not been able to draw any expenses in this matter.

I have incurred the following expenses in the period since my appointment as Liquidator:

Type of Expense	Amount Incurred (£)
Bordereau	186.00
Statutory Advertising	154.20
Pension Agent's Fees	859.20
Total	1,199.40

I have used the following agents or professional advisors in the reporting period (overleaf):

Professional Advisor	Nature of Work	Basis of Fees
Clumber Consultancy Limited	Pension Agents	Fixed Fee

Clumber Consultancy Limited were instructed to deal with all the necessary pension related matters including producing and distributing S122 notices. As stated above, a fee of £859.20 has been charged for this work.

The choice of professionals was based on my perception of their experience and ability to perform this type of work and the complexity and nature of the assignment. I also considered that the basis on which they will charge their fees represented value for money. I have reviewed the charges they have made and am satisfied that they are reasonable in the circumstances of this case.

To comply with the Provision of Services Regulations, some general information about Turpin Barker Armstrong can be found at <http://www.turpinbainsolvency.co.uk/fees-and-links>.
